A message from Wahnapiatae First Nation

As the vibrant colors of fall transform into the whites of winter, we are reminded of the sacred cycle of nature. Our Indigenous ancestors understood the delicate balance and embraced the changing of the seasons. This transition also echoes the honoured tradition of hunting. We share their wisdom by respecting the land, hunting sustainably, and honouring the spirits of the animals we harvest.

As Remembrance Day approaches, we turn our thoughts to the brave Indigenous warriors who defended these lands and served with valour. We pay our deepest respects to those who walked the path before us, acknowledging their sacrifices and ensuring that their courage and honour are never forgotten. In this way, we unite the lessons of the past with the promise of the future, safeguarding our heritage and traditions for generations yet to come.

Miigwetch,

Ogimaa Larry Roque

WHAT'S IN YOUR FISH?

Community adults and youth between 13 and 17 years (require parental consent) are invited to participate in a survey looking to understand contaminant levels in fish harvested from Wahnapiatae First Nation traditional territory. Wahnapiatae First Nation is leading the work with researchers from the Wildlife Conservation Society, University of Waterloo & Laurentian University.

- **ADULT** participants receive a \$40 gift card to Hiawatha's Restaurant & Marina!
- **YOUTH** participants receive a \$40 gift card for Cineplex Movie Theatres!
- **ALL** participants can enter to win one of three \$100 gift cards to Hiawatha's Restaurant & Marina!

Survey questions:

- What types of fish have you consumed over the past year?
- How much fish have you caught over the past year?
- Where does your household get health and food information?
- What do you believe about contaminants in fish?
- What information has impacted your food choices?

TUESDAY, NOVEMBER 21 - THURSDAY NOVEMBER 23

Safety Corner

With hunting season well underway, this month's Safety Corner is all about hunter safety. As Anishinaabe people, hunting has always been an integral part of our identity. We hunt to sustain our bodies, to celebrate and honour our history, and to acknowledge our responsibilities as guardians of Mother Earth.

To ensure a safe hunting season, please take note of the following Ontario regulations that ALL hunters must follow:

- Hunters must never shoot unless they are absolutely sure of their target and what lies beyond it.
- Hunters must be wearing and have at least 400 square inches of solid hunters orange visible to others. This amount is roughly equivalent to a vest and hat.
- It is illegal to possess a firearm while under the influence of any substances or alcohol.
- It is illegal to shoot from a vehicle or carry a loaded firearm in or on a vehicle. All firearms must be carried/transported unloaded and in a locked case.
- It is illegal to discharge a firearm from any area on,

near, beside or across any roadway in Ontario

- Hunters must unload and legally store firearms during the period from half an hour after dusk to half an hour before dawn (Ministry of Natural Resources and Forestry, 2023).

Regulations pertaining to Indigenous hunting rights:

- Members of Indigenous communities exercising an Aboriginal or treaty right generally do not require an Outdoors Card, Ontario hunting licence(s) and tag(s) when hunting for food, social, or ceremonial purposes within their traditional or treaty territory.
- Members of Indigenous communities hunting outside of their traditional or treaty area must hold a valid hunting licence(s) and tag(s) and follow the corresponding regulations.
- Indigenous hunters utilizing land that is not owned by them must have and carry written permission from the landowner.
- Indigenous hunters utilizing a First Nation's traditional or treaty territory must have and carry written permission from the First Nation (R. v. Shipman et al., 2007).
- Indigenous individuals should be prepared to provide identification showing their community membership if requested by conservation officers.

And finally, some helpful tips for safe hunting:

- Tell someone where you will be hunting and when you will be returning.
- Handle firearms with care and attention at all times.
- Carry a survival kit and a small first aid kit with you at all times.

Best wishes for a safe and successful hunting season!

For more information on your rights and obligations while hunting in Ontario, please visit:

Stay Informed and Safe with the New Emergency Alert Program

Dear Wahnapiatae First Nation,

We are excited to introduce the new Emergency Alert Program, an initiative aimed at increasing the safety and well-being of Wahnapiatae First Nation members and its community, whether residing on- or off- reserve.

Launching on Wednesday, October 18, this program is facilitated by the Emergency Management Coordinator, utilizing the well-established application, Everbridge, to streamline communication during critical times and ensure that every community member is kept informed and safe during emergencies.

Who is it for?

This program is tailored to Wahnapiatae First Nation members and community members, including those living off-reserve. Its sole purpose is to alert members and community promptly in the event of emergencies.

Who is managing it?

The Emergency Alert System is managed by WFN administration, leveraging the advanced functionalities of the Everbridge application to ensure seamless communication during emergency events.

Why are we launching this program?

A significant part of the overall plan to enhance safety and foster better communication during emergency events, the introduction of this program is a step towards safeguarding our community members. It comes with an assurance of timely and efficient notification, helping everyone to stay informed of necessary actions and precautions during emergencies.

What triggers an alert?

An alert will be triggered under circumstances that require immediate attention and collective action from the community, such as natural disasters, severe weather conditions, evacuations, or other emergency situations that warrant community alertness and responsiveness.

How does it work?

Emergency alerts can be sent/received as electronic calls, texts, or emails. When you sign up for the program, you will be able to select the communication method that works best for you. This feature ensures that everyone gets emergency alerts at the same time in their preferred format.

Register here:

cutt.ly/WFN_EmergencyAlertSystem_SignUp , and we encourage everyone connected to WFN to actively participate and help foster a community where everyone is alert, informed, connected and safe.

IN EMERGENCY SITUATIONS CALL 911

AND SPECIFY YOUR LOCATION AS WAHNAPITAE FIRST NATION

Housing Committee Volunteer Call

The Wahnapitae First Nation Housing Committee is dedicated to improving the quality of life for all members by honouring our Seven Grandfather Teachings in all decision making processes.

The Housing Committee is responsible for:

- Assessing and developing strategies to address community housing needs
- Providing guidance and advice to the housing department, this can involve information on policies and service delivery
- Facilitating community engagement (ie. public meetings and community outreach to ensure all perspectives are represented equally and fairly)

To become a Housing Committee volunteer you must:

- Ensure you are available and able to attend all committee meetings
- Be knowledgeable of community issues
- Have the ability to work in a team environment, be ethically and morally responsible
- Be a member of Wahnapitae First Nation at least 18 years of age
- Comply with the terms of reference used

Please contact Housing Coordinator Terry for applications or more information:

 HousingCoordinator@wahnapitaeFN.com  (705) 858-0610
